WORK EXPERIENCE

Global Health Program Manager

2020-2023

World Health Organization

- Led the implementation of health programs across multiple countries in Africa and Asia.
- Coordinated with local governments and NGOs to assess health needs and develop targeted interventions.
- Managed program budgets, ensuring efficient allocation of resources and compliance with funding requirements.
- Conducted training programs for healthcare workers on best practices in public health.
- Evaluated program outcomes and presented findings to international stakeholders.
- Facilitated cross-cultural communication to enhance program effectiveness.

Health Systems Strengthening Advisor

2019-2020

International Development Agency

- Provided technical assistance to countries in strengthening their health systems.
- Developed policy recommendations based on comprehensive health system assessments.
- Collaborated with local ministries of health to enhance service delivery models.
- Contributed to global health policies that promote sustainable development goals.
- Led workshops on health financing and resource allocation strategies.
- Analyzed health data to identify gaps and recommend interventions.

ACHIEVEMENTS

- Successfully launched a maternal health initiative that reduced maternal mortality rates by 20%.
- Published a report on health system strengthening in low-income countries.
- Awarded a fellowship for outstanding contributions to global health research.
