PROFILE

Dynamic Public Infrastructure Manager with a robust background in transportation systems and urban planning. Expertise in leading cross-functional teams to deliver complex projects on time and within budget. Exceptional analytical and problem-solving skills, complemented by a keen understanding of public policy and community needs. Proficient in leveraging technology to improve project outcomes and stakeholder engagement.

EXPERIENCE

TRANSPORTATION INFRASTRUCTURE MANAGER

State Department of Transportation

2016 - Present

- Oversaw the planning and execution of multi-million-dollar transportation projects.
- Utilized data analytics to assess traffic patterns and inform project designs.
- Collaborated with local governments to align projects with community needs.
- Developed comprehensive project timelines and budgets, ensuring adherence.
- Conducted public hearings to educate stakeholders on project impacts.
- Implemented safety protocols that reduced accidents by 25% during construction.

URBAN PLANNER

City Planning Office

2014 - 2016

- Conceived and executed urban development plans that revitalized neighborhoods.
- Engaged with community organizations to gather input on infrastructure needs.
- Analyzed zoning regulations and proposed amendments to enhance project feasibility.
- Prepared grant applications for federal funding, securing over \$15 million.
- Facilitated interdepartmental meetings to ensure project coordination.
- Produced reports that guided city council decisions on urban projects.
