Michael Anderson

SENIOR EDUCATION POLICY RESEARCHER

Strategic public policy researcher with a strong focus on education policy and reform. With over 9 years of experience in the education sector, I have dedicated my career to analyzing and advocating for policies that enhance educational equity and access. My background includes extensive research on the impacts of educational policies on diverse student populations, particularly in underserved communities.

EXPERIENCE

SENIOR EDUCATION POLICY RESEARCHER

National Education Association

2016 - Present

- Conducted in-depth analyses of educational policies affecting student achievement.
- Collaborated with education leaders to develop policy recommendations for reform.
- Utilized statistical analysis tools to evaluate the effectiveness of programs.
- Presented research findings to policymakers and educational stakeholders.
- Engaged with community organizations to gather input on educational needs.
- Monitored emerging trends in education policy at the local and national levels.

POLICY RESEARCH ASSOCIATE

Institute for Educational Leadership

2014 - 2016

- Assisted in research projects focused on educational equity and access.
- Conducted surveys and interviews to gather qualitative data from educators.
- Collaborated with teams to prepare policy briefs for stakeholders.
- Participated in community forums to discuss educational challenges.
- Maintained databases of educational research for internal use.
- Supported outreach efforts to promote research findings in the community.
