MICHAEL ANDERSON

OPERATIONS MANAGER

Innovative and analytical Public Sector Operations Manager with a comprehensive background in healthcare administration and public health initiatives. Focused on improving operational workflows to enhance service delivery in public health systems. Demonstrated expertise in managing multidisciplinary teams and optimizing resources to achieve organizational goals. Skilled in utilizing data-driven methodologies to inform public health policies and program development.

PROFESSIONAL EXPERIENCE

City Health Department

Mar 2018 - Present

Operations Manager

- Led the development and implementation of a city-wide health initiative, improving access to services by 30%.
- Managed a team of public health professionals to execute community health assessments.
- Implemented electronic health record systems that enhanced patient data management.
- Coordinated with local healthcare providers to establish referral networks.
- Conducted training for staff on best practices in patient engagement.
- Monitored program performance and reported outcomes to city leadership.

State Department of Health

Dec 2015 - Jan 2018

Healthcare Analyst

- Analyzed public health data to identify trends and inform policy recommendations.
- Collaborated with stakeholders to develop public health education campaigns.
- Managed the implementation of health program evaluations and assessments.
- Presented findings to government officials to support funding requests.
- Coordinated community outreach efforts to raise awareness of health services.
- Developed reports to track progress on public health initiatives.

ACHIEVEMENTS

- Recognized for leading a public health initiative that resulted in a 40% increase in immunization rates.
- Awarded 'Outstanding Public Health Service' for innovative community engagement strategies.
- Successfully secured a \$2 million grant for health program expansion.
