MICHAEL ANDERSON

LEAD PURPLE TEAM ENGINEER

Results-driven Purple Team Engineer with over 10 years of experience in IT security and risk assessment, specializing in creating and maintaining secure environments for enterprise systems. My extensive background in both offensive and defensive security practices enables me to effectively identify and mitigate potential threats while ensuring compliance with industry standards.

PROFESSIONAL EXPERIENCE

Fortress Security Group   *Mar 2018 - Present*
Lead Purple Team Engineer

- Led a team of security professionals in conducting advanced red and blue team exercises.
- Developed and implemented security policies that align with business objectives.
- Managed threat intelligence programs to enhance organizational awareness of emerging threats.
- Utilized tools like Kali Linux and Nessus for comprehensive vulnerability assessments.
- Provided executive-level reporting and analysis of security metrics to drive improvements.
- Facilitated cross-functional workshops to foster collaboration between teams.

Innovate Cyber Solutions   *Dec 2015 - Jan 2018*
Security Consultant

- Advised clients on best practices for securing their IT environments against threats.
- Conducted penetration testing and risk assessments for various clients across industries.
- Created tailored security solutions that addressed specific client needs and challenges.
- Developed training materials and programs to educate clients on security awareness.
- Assisted in the design and implementation of secure network architectures.
- Maintained up-to-date knowledge of cybersecurity trends and compliance requirements.

ACHIEVEMENTS

- Reduced security incidents by 50% through improved training and awareness programs.
- Successfully implemented a security framework that achieved compliance with ISO 27001.
- Received recognition for outstanding performance in threat detection and mitigation.
