Dedicated and skilled Purple Team Engineer with over 4 years of experience in cybersecurity, specializing in integrating offensive and defensive security measures. My career has been marked by a strong focus on threat detection, vulnerability management, and incident response. I have a proven ability to work collaboratively with cross-functional teams to enhance security measures and mitigate risks.

💼 WORK EXPERIENCE

Purple Team Specialist
SecureNet Corp

2020-2023

- Conducted coordinated red and blue team exercises to enhance security effectiveness.
- Implemented monitoring tools to detect and respond to security incidents promptly.
- Developed and maintained documentation for security policies and procedures.
- Collaborated with development teams to ensure secure coding practices.
- Participated in regular security training sessions for staff.
- Analyzed security incidents to identify root causes and improve response strategies.

Information Security Analyst
TechGuard Innovations

2019-2020

- Monitored security alerts and escalated incidents as necessary.
- Participated in vulnerability assessments and penetration testing activities.
- Assisted in the development of incident response plans and procedures.
- Contributed to security awareness programs to educate employees on threats.
- Worked with IT teams to implement security controls and measures.
- Documented and reported on security incidents and responses.

⭐ ACHIEVEMENTS

- Improved incident response times by 25% through streamlined processes.
- Successfully led a project that reduced vulnerabilities by 30% in a major system update.
- Recognized for contributions to enhancing organizational security awareness.
