SKILLS

- Data Analysis
- R
- Excel
- Educational Research
- Program Evaluation
- Stakeholder Engagement

EDUCATION

**BACHELOR OF SCIENCE IN STATISTICS,
UNIVERSITY OF FLORIDA**

LANGUAGE

- English
- Spanish
- German

ACHIEVEMENTS

- Received 'Outstanding Intern' award for contributions to research projects.
- Increased stakeholder engagement in research initiatives by 30% through targeted outreach.
- Secured \$150,000 in funding for a pilot educational assessment project.

Michael Anderson

EDUCATIONAL RESEARCH ANALYST

Innovative Quantitative Social Scientist with 4 years of experience specializing in educational research and policy analysis. My passion for education drives my commitment to using data to influence teaching practices and enhance student outcomes. I have experience in conducting rigorous quantitative analyses and translating complex data into actionable recommendations for educators and policymakers.

EXPERIENCE

EDUCATIONAL RESEARCH ANALYST

School Improvement Initiative

2016 - Present

- Conducted quantitative analyses of student performance data, resulting in targeted interventions.
- Utilized R for data modeling, improving program evaluation accuracy by 30%.
- Collaborated with educators to develop data collection tools, enhancing data quality.
- Presented research findings at educational conferences, increasing awareness of effective practices.
- Developed reports for stakeholders, translating data into actionable insights.
- Engaged with community members to gather input on educational needs.

DATA ANALYST INTERN

Education Research Institute

2014 - 2016

- Assisted in analyzing survey data to assess educational outcomes, contributing to a 20% increase in program funding.
- Utilized Excel for data management and reporting, streamlining the analysis process.
- Participated in focus groups to gather qualitative insights, complementing quantitative findings.
- Co-authored research briefs for stakeholders, enhancing communication of results.
- Supported the development of training materials for educators on data usage.
- Engaged in team meetings to share insights and propose data-driven solutions.
