### SKILLS

- Quantum Solution Architecture
- Business Impact Analysis
- Data Visualization
- Market Research
- Cross-Functional Collaboration
- Training & Development

### LANGUAGES

- English
- Spanish
- French

### EDUCATION

**MASTER OF BUSINESS  
ADMINISTRATION, HARVARD  
BUSINESS SCHOOL**

### ACHIEVEMENTS

- Created a quantum solution that reduced operational costs by 25% for a key client.
- Developed a proprietary tool for visualization of quantum data analytics.
- Received the Innovation Award for contributions to quantum technology projects.

### WORK EXPERIENCE

#### QUANTUM SOLUTIONS ARCHITECT

Quantum Dynamics Inc.

2020 - 2025

- Architected quantum solutions to streamline business processes and enhance decision-making.
- Conducted comprehensive business impact assessments for proposed quantum initiatives.
- Collaborated with software developers to create user-friendly quantum applications.
- Led client engagements to identify and define quantum project scopes.
- Facilitated training sessions to promote understanding of quantum technologies among clients.
- Monitored project progress, ensuring alignment with strategic objectives.

#### DATA ANALYST

Quantum Analytics Group

2015 - 2020

- Utilized quantum algorithms to analyze large data sets for business intelligence reporting.
- Developed dashboards to visualize data insights for stakeholders.
- Conducted market research to identify trends in quantum technology adoption.
- Collaborated with business units to align data analytics with operational strategies.
- Maintained databases and ensured data integrity for analysis.
- Assisted in preparing reports and presentations for executive management.
