### EDUCATION

#### M.S. in Quantum Physics

Yale University  
2016-2020

### SKILLS

- data management
- quantum technologies
- team leadership
- market forecasting
- analytical reporting
- client engagement

### LANGUAGES

- English
- Spanish
- French

### WORK EXPERIENCE

#### Data Analytics Manager

2020-2023

Quantum Data Solutions

- Managed a team of analysts focused on quantum data applications in market research.
- Developed frameworks for data collection and analysis using quantum methodologies.
- Oversaw project execution to ensure alignment with strategic goals.
- Conducted performance reviews and provided mentorship to team members.
- Enhanced data analysis processes, improving output quality by 20%.
- Presented insights to the executive team, influencing strategic direction.

#### Senior Research Analyst

2019-2020

Quantum Insights Group

- Conducted thorough market research leveraging quantum computing tools.
- Developed comprehensive reports on market trends and forecasts.
- Collaborated with product teams to inform development strategies.
- Utilized machine learning techniques to enhance predictive capabilities.
- Engaged with clients to understand market needs and expectations.
- Achieved recognition for outstanding research contributions to major projects.

### ACHIEVEMENTS

- Instrumental in a project that resulted in a 35% increase in operational efficiency.
- Published research on the impact of quantum computing on market analysis.
- Received the Excellence in Leadership Award for team management.
