MICHAEL ANDERSON

RADIOGRAPHIC TESTING TECHNICIAN

Experienced Radiographic Testing Technician with a comprehensive background in the oil and gas sector, adept at leveraging non-destructive testing techniques to ensure compliance with safety regulations and operational standards. Recognized for strong analytical skills and a proactive approach to troubleshooting, resulting in enhanced equipment reliability and reduced downtime. Proven ability to conduct thorough inspections and generate detailed reports that facilitate informed decision-making.

PROFESSIONAL EXPERIENCE

Energy Solutions Group

Mar 2018 - Present

Radiographic Testing Technician

- Conducted radiographic testing on pipelines to assess structural integrity.
- Utilized advanced imaging technologies to ensure accurate results.
- Documented and analyzed test findings to support maintenance planning.
- Engaged in team discussions to strategize inspection methods.
- Prepared compliance reports for regulatory submissions.
- Trained new technicians in radiographic testing procedures.

PetroTech Services

Dec 2015 - Jan 2018

Junior Radiographic Testing Technician

- Assisted in conducting radiographic tests on various oilfield equipment.
- Maintained testing equipment and ensured operational readiness.
- Participated in safety training workshops and drills.
- Logged and reported all testing activities accurately.
- Collaborated with senior technicians to improve testing accuracy.
- Supported the development of standard operating procedures.

ACHIEVEMENTS

- Improved inspection turnaround time by 25% through process enhancements.
- Recognized for outstanding performance in a high-stakes project.
- Earned certification in advanced radiographic techniques.
