MICHAEL ANDERSON

PROJECT MANAGER

Strategic Rail Transport Consultant with an extensive background in policy development and project management within the transportation sector. Over 20 years of experience in guiding organizations through the complexities of rail infrastructure projects, ensuring alignment with regulatory frameworks and community needs. Proficient in stakeholder engagement, resource allocation, and risk management, with a focus on delivering sustainable and economically viable solutions.

PROFESSIONAL EXPERIENCE

Railway Infrastructure Development

Mar 2018 - Present

Project Manager

- Led major rail infrastructure projects from conception to completion, ensuring timely delivery.
- Managed project budgets exceeding \$10 million while maintaining stringent quality standards.
- Engaged with government officials and community stakeholders to secure project support.
- Developed comprehensive project plans that aligned with strategic objectives.
- Oversaw risk management processes to mitigate potential project delays.
- Facilitated public consultations to gather feedback and adjust project scopes.

Transit Safety Authority

Dec 2015 - Jan 2018

Regulatory Compliance Consultant

- Advised on compliance with federal and state transportation regulations.
- Conducted audits and assessments to ensure adherence to safety standards.
- Developed training materials for staff on regulatory changes and best practices.
- Collaborated with industry stakeholders to promote safety initiatives.
- Monitored legislative changes impacting the rail industry.
- Produced compliance reports for senior management and regulatory bodies.

ACHIEVEMENTS

- Successfully managed a \$15 million rail expansion project that enhanced regional connectivity.
- Awarded the Transportation Leadership Award for contributions to rail safety.
- Published a white paper on the future of rail transport in urban areas.
