## EDUCATION

**Master of Science in Information Technology - Stanford University**  
University  
2016-2020

## SKILLS

- Technology Integration
- Project Management
- Data Analytics
- Performance Improvement
- Stakeholder Collaboration
- Innovation

## LANGUAGES

- English
- Spanish
- French

## WORK EXPERIENCE

**Director of Technology Solutions** 2020-2023  
RailTech Innovations

- Led the implementation of a new digital ticketing system, increasing user engagement by 50%.
- Oversaw the integration of IoT technology to enhance train monitoring and maintenance.
- Collaborated with engineering teams to develop predictive maintenance protocols.
- Conducted training sessions for staff on new technological systems.
- Managed vendor relationships to ensure timely delivery of technology solutions.
- Analyzed performance data to drive continuous improvement in service delivery.

**Project Manager** 2019-2020  
Smart Rail Solutions

- Managed projects focused on enhancing rail safety through technology.
- Developed project plans that aligned with strategic objectives and timelines.
- Coordinated with cross-functional teams to ensure successful project execution.
- Implemented feedback loops for continuous improvement and stakeholder satisfaction.
- Facilitated workshops to gather input from users on technology needs.
- Delivered project reports to senior management on progress and outcomes.

## ACHIEVEMENTS

- Successfully launched a technology initiative that improved operational efficiency by 30%.
- Recognized as a leader in technology adoption in the rail industry.
- Achieved a 40% increase in customer satisfaction through enhanced digital services.
