MICHAEL ANDERSON

LEAD REACT NATIVE DEVELOPER

I am a highly skilled React Native Developer with over 6 years of experience in the telecommunications industry. My background includes working on mobile applications that enhance communication and connectivity for users worldwide. I have a strong focus on performance optimization and user experience, delivering applications that are not only functional but also engaging.

PROFESSIONAL EXPERIENCE

Global Telecom Ltd. *Mar 2018 - Present*
Lead React Native Developer

- Directed the development of a mobile app that improved user engagement by 35%.
- Implemented real-time data features, enhancing the app's performance during peak usage times.
- Optimized codebase, reducing app size by 20% for faster downloads.
- Conducted training sessions for junior developers on best practices in mobile app development.
- Collaborated with cross-functional teams to integrate new features based on user feedback.
- Utilized Git for version control, ensuring seamless collaboration within the development team.

Tech Connect *Dec 2015 - Jan 2018*
React Native Developer

- Developed a customer support application, reducing response times by 50%.
- Implemented push notifications, increasing user engagement by 30%.
- Worked with UX designers to improve app navigation, enhancing user satisfaction.
- Carried out performance testing, identifying and resolving critical bottlenecks.
- Integrated third-party libraries to extend app functionality.
- Participated in bi-weekly sprint meetings, contributing to project planning and execution.

ACHIEVEMENTS

- Recipient of the 'Excellence in Innovation' award for developing a high-impact mobile application.
- Improved app store ratings by implementing user-requested features.
- Successfully led a cross-functional team to deliver a project ahead of schedule.
