# MICHAEL ANDERSON

## LIVE SOUND ENGINEER

Innovative Recording Engineer with a robust background in live sound reinforcement and event production. Renowned for delivering exceptional audio experiences in high-pressure environments, including concerts, festivals, and corporate events. Expertise in managing large-scale sound setups, troubleshooting technical issues on-the-fly, and ensuring flawless execution of live performances. Proficient in a range of audio equipment and software, including digital mixing consoles and wireless microphone systems.

## **PROFESSIONAL EXPERIENCE**

### **Premier Events**

*Mar 2018 - Present*

#### Live Sound Engineer

- Managed sound reinforcement for over 100 live events, including concerts and corporate functions.
- Set up and operated digital mixing consoles to ensure optimal sound quality.
- Collaborated with artists to achieve desired audio effects during performances.
- Troubleshot technical issues promptly to minimize downtime.
- Conducted sound checks and adjusted equipment settings for varying venues.
- Developed strong relationships with clients to ensure repeat business.

### **Live Sound Productions**

*Dec 2015 - Jan 2018*

#### Audio Technician

- Supported audio setup and teardown for various events, ensuring high-quality sound.
- Assisted in mixing live sound and monitoring levels during performances.
- Maintained and repaired audio equipment to ensure reliability.
- Collaborated with production teams to deliver seamless audio experiences.
- Documented equipment configurations for future reference.
- Provided technical support and training to new staff members.

## **ACHIEVEMENTS**

- Successfully managed audio for a festival with over 10,000 attendees.
- Recipient of the 'Best Live Sound' award at the National Event Awards.
- Improved client satisfaction ratings by 40% through exceptional service.
