MICHAEL ANDERSON

MUSIC PRODUCTION TECHNICIAN

Highly skilled Recording Technician with a strong foundation in music production and sound engineering. Over six years of experience working in diverse environments, including recording studios, radio stations, and educational institutions. Proficient in utilizing industry-standard software and hardware to achieve high-quality audio outputs. Demonstrated ability to collaborate effectively with artists and producers to translate their creative vision into reality.

PROFESSIONAL EXPERIENCE

SoundWave Studios

Mar 2018 - Present

Music Production Technician

- Produced and engineered recordings for various musical genres, ensuring artistic integrity.
- Collaborated with musicians to arrange and refine compositions during recording sessions.
- Utilized digital audio workstations to edit and mix recordings.
- Managed session schedules and maintained organized session files.
- Provided technical support for artists during recording and mixing processes.
- Conducted listening sessions to gather feedback and make necessary adjustments.

Campus Radio Station

Dec 2015 - Jan 2018

Audio Technician

- Operated audio equipment for live broadcasts and pre-recorded shows.
- Assisted in the production of promotional audio content for station marketing.
- Trained volunteers on audio equipment and broadcasting techniques.
- Maintained quality control of audio outputs during live transmissions.
- Coordinated with program directors to ensure seamless audio integration.
- Participated in community outreach programs to promote the station.

ACHIEVEMENTS

- Produced an album that reached the top 10 on regional music charts.
- Received recognition for outstanding contributions to the campus radio station.
- Implemented a new training program for volunteers, enhancing their skills.
