MICHAEL ANDERSON

OPERATIONS SUPERVISOR

Strategic and detail-oriented Recycling Plant Supervisor with a robust background in operations management and process optimization. Expertise in developing and implementing sustainable recycling practices that align with corporate goals and regulatory requirements. Proven ability to lead diverse teams to achieve high levels of performance and safety standards. Adept at utilizing technology to enhance operational efficiency and reporting accuracy.

PROFESSIONAL EXPERIENCE

Sustainable Recycling Corp.

Mar 2018 - Present

Operations Supervisor

- Oversaw plant operations, ensuring compliance with all environmental regulations.
- Implemented a new recycling process that improved throughput by 35%.
- Managed a team of 25 employees, conducting performance reviews and providing ongoing training.
- Collaborated with engineering teams to upgrade processing equipment.
- Analyzed operational data to identify trends and implement corrective actions.
- Led safety initiatives that resulted in zero workplace accidents for two consecutive years.

EcoRecycle Solutions

Dec 2015 - Jan 2018

Recycling Analyst

- Conducted thorough analyses of recycling processes to identify areas for improvement.
- Developed reports on recycling performance metrics for management review.
- Assisted in training staff on best practices for material recovery.
- Collaborated with local businesses to promote recycling initiatives.
- Evaluated the effectiveness of new recycling technologies.
- Participated in community events to raise awareness about recycling.

ACHIEVEMENTS

- Increased recycling efficiency by 30% through process enhancements.
- Recognized for developing a comprehensive safety training program.
- Successfully led a project that reduced operational costs by \$150,000 annually.
