MICHAEL ANDERSON

REFINERY MANAGER

Dynamic and results-oriented Refinery Operations Manager with over 10 years of experience leading high-performing teams in the refining industry. Known for a strategic approach to operational management and a commitment to driving efficiency through innovative solutions. Expertise in managing large-scale refinery operations, with a focus on safety, sustainability, and regulatory compliance.

PROFESSIONAL EXPERIENCE

Petroleum Innovations LLC

Mar 2018 - Present

Refinery Manager

- Managed overall refinery operations, achieving a 30% increase in efficiency.
- Led cross-departmental teams to implement lean manufacturing principles.
- Developed and executed strategic plans to meet production targets.
- Implemented safety training programs, resulting in a 50% reduction in incidents.
- Monitored production metrics and adjusted processes accordingly.
- Engaged with external stakeholders to ensure compliance with environmental regulations.

Refinery Operations Group

Dec 2015 - Jan 2018

Process Improvement Specialist

- Conducted process audits and identified areas for improvement.
- Collaborated with engineering teams on new process design and implementation.
- Trained staff on best practices for operational efficiencies.
- Analyzed data trends to drive decision-making and process enhancements.
- Developed standard operating procedures to streamline operations.
- Facilitated team workshops to promote a culture of safety and quality.

ACHIEVEMENTS

- Recognized for improving operational efficiency by 30% within one year.
- Reduced safety incidents by implementing a comprehensive training program.
- Received 'Employee of the Year' award for exceptional contributions to refinery operations.
