ACHIEVEMENTS

- Recipient of the 'Oncology Excellence Award' for outstanding patient care in 2020.
- Developed a patient support group that improved emotional well-being among participants.
- Successfully increased patient adherence to treatment plans by 25% through targeted education efforts.

Innovative and patient-focused Registered Nurse with 7 years of experience in oncology nursing. Committed to providing exemplary care to cancer patients through effective pain management, symptom control, and emotional support. Skilled in administering chemotherapy and other advanced cancer treatments while monitoring patient responses and side effects. Strong advocate for patient education, providing resources and support to help patients navigate their cancer journey.

WORK EXPERIENCE

ONCOLOGY NURSE

Comprehensive Cancer Center

2020 - 2025

- Administered chemotherapy treatments to patients, monitoring for side effects and providing immediate care as needed.
- Developed and implemented individualized care plans in collaboration with oncologists and healthcare teams.
- Educated patients on treatment options, potential side effects, and self-care strategies.
- Provided emotional support and counseling to patients and families coping with cancer diagnosis and treatment.
- Conducted regular health assessments to evaluate patient response to treatment.
- Participated in clinical trials and research initiatives to enhance patient care practices.

MEDICAL-SURGICAL NURSE

General Hospital

2015 - 2020

- Managed care for a diverse patient population, including post-operative and oncology patients.
- Administered medications and monitored vital signs, ensuring all protocols were followed.
- Assisted in patient education related to recovery care and health maintenance.
- Collaborated with nurses and physicians to improve patient care quality and outcomes.
- Maintained meticulous documentation of patient care and treatment plans.
- Led a team initiative that enhanced patient satisfaction scores by 20% through improved communication.
