Michael Anderson

SURGICAL NURSE

Dedicated Registered Nurse with 4 years of experience specializing in surgical nursing. Known for providing high-quality pre and post-operative care, ensuring patient safety and comfort during surgical procedures.

Proficient in assisting surgeons during operations, monitoring vital signs, and administering anesthesia as needed. Strong organizational skills and attention to detail ensure that all surgical instruments and supplies are properly managed.

EXPERIENCE

SURGICAL NURSE

Surgical Specialty Hospital

2016 - Present

- Assisted in a variety of surgical procedures, ensuring a sterile environment and adherence to protocols.
- Monitored patient vitals during surgery, responding promptly to any changes in condition.
- Provided pre-operative education to patients regarding the surgical process and recovery expectations.
- Coordinated post-operative care, including pain management and education on discharge instructions.
- Maintained surgical instruments and supplies, ensuring readiness for all procedures.
- Collaborated with surgical teams to optimize patient outcomes and enhance care delivery.

MEDICAL ASSISTANT

Community Clinic

2014 - 2016

- Supported physician and nursing staff by preparing examination rooms and assisting during procedures.
- Obtained patient histories and vital signs, contributing to comprehensive care plans.
- Educated patients on health maintenance and upcoming procedures.
- Performed administrative tasks, including scheduling appointments and managing patient records.
- Ensured compliance with healthcare regulations and maintained patient confidentiality.
- Participated in health fairs to promote community health awareness initiatives.
