WORK EXPERIENCE

Family Nurse Practitioner 2020-2023
Community Health Center

- Conducted routine health assessments and screenings for patients of all ages, emphasizing preventative care.
- Collaborated with physicians to develop and implement treatment plans for chronic conditions.
- Educated patients on lifestyle changes to improve health outcomes and manage diseases.
- Administered vaccinations and managed minor injuries and illnesses in a family practice setting.
- Documented patient care and maintained accurate health records in compliance with regulations.
- Participated in community outreach programs to promote health awareness and education.

Registered Nurse 2019-2020
General Medical Center

- Provided quality nursing care in a fast-paced environment, focusing on patient safety and comfort.
- Assisted in developing individualized care plans based on patient assessments and needs.
- Educated patients on medication management and recovery processes, enhancing adherence.
- Monitored vital signs and reported significant changes to the healthcare team promptly.
- Maintained meticulous records of patient interactions and treatment outcomes.
- Supported a culture of teamwork and collaboration among nursing staff and other healthcare professionals.

ACHIEVEMENTS

- Recognized for developing a chronic disease management program that improved patient outcomes.
- Successfully increased patient satisfaction scores by 20% through enhanced communication efforts.
