MICHAEL ANDERSON

SENIOR HEALTH ECONOMIST

Strategic Regulatory Economist with a focus on healthcare economics and policy analysis. Extensive experience in evaluating the economic implications of healthcare regulations and their effects on market dynamics. Proven ability to leverage quantitative analysis to inform policy decisions and enhance regulatory frameworks. Skilled in collaborating with healthcare providers, government agencies, and industry stakeholders to develop effective strategies for compliance and regulation.

PROFESSIONAL EXPERIENCE

Centers for Medicare & Medicaid Services

Mar 2018 - Present

Senior Health Economist

- Evaluated the economic impact of regulatory changes on healthcare providers and patients.
- Developed analytical models to forecast the financial implications of healthcare policies.
- Collaborated with clinical teams to align economic analysis with healthcare delivery practices.
- Presented findings to stakeholders, advocating for data-driven policy adjustments.
- Authored comprehensive reports on cost-effectiveness of healthcare interventions.
- Engaged in public health initiatives to promote regulatory compliance among providers.

State Health Department

Dec 2015 - Jan 2018

Regulatory Compliance Analyst

- Analyzed healthcare regulations to assess compliance and economic viability for providers.
- Conducted economic evaluations of public health programs to inform funding decisions.
- Collaborated with legal teams to ensure adherence to healthcare regulations.
- Developed training materials for stakeholders on regulatory requirements.
- Monitored industry trends to anticipate regulatory changes and impacts.
- Provided analytical support for policy development and reform initiatives.

ACHIEVEMENTS

- Received the 'Outstanding Contribution to Healthcare Policy' award for significant policy reforms.
- Led a project that improved regulatory compliance rates by 30% among healthcare providers.
- Published influential research on the economic efficiency of healthcare regulations.
