2016**

### ACHIEVEMENTS

- Received 'Excellence in Pediatric Care' award in 2020 for outstanding patient outcomes.
- Developed a parent training program that improved adherence to rehabilitation protocols by 35%.
- Authored a research paper on the benefits of play in pediatric rehabilitation published in a national journal.

### PROFILE

Compassionate Rehabilitation Nurse with 5 years of experience in pediatric rehabilitation. I specialize in creating engaging and age-appropriate rehabilitation programs for children with developmental disabilities and injuries. My approach emphasizes family involvement and collaboration with educational professionals to ensure a holistic recovery process. I have extensive experience with adaptive equipment, therapeutic play, and behavioral interventions that foster independence and skill development in young patients.

### EXPERIENCE

#### PEDIATRIC REHABILITATION NURSE

##### Children's Health Center

*2016 - Present*

- Assessed and monitored the rehabilitation needs of pediatric patients with various conditions.
- Developed tailored rehabilitation plans that incorporated play therapy and family involvement.
- Collaborated with physical and occupational therapists to enhance treatment outcomes.
- Educated families on rehabilitation exercises to support at-home care.
- Maintained records of patient progress and reported findings to the healthcare team.
- Participated in multidisciplinary team meetings to discuss patient care strategies.

#### REHABILITATION NURSE

##### Sunnyview Rehabilitation Hospital

*2014 - 2016*

- Cared for patients recovering from traumatic injuries, focusing on physical rehabilitation.
- Facilitated therapeutic group activities aimed at improving social skills and motivation.
- Implemented individualized care plans that promoted patient autonomy and engagement.
- Tracked patient progress and adapted care plans based on ongoing evaluations.
- Coordinated with families to ensure continuity of care post-discharge.
- Conducted educational workshops for staff on pediatric rehabilitation techniques.
