ACHIEVEMENTS

- Improved patient motor skill development metrics by 40% over two years.
- Presented at a national conference on innovative therapies for children.
- Received commendation for outstanding patient care from the clinic director in 2019.

PROFILE

Compassionate Rehabilitation Therapist with 5 years of experience working in pediatric rehabilitation settings. I specialize in developing engaging therapeutic activities tailored to children with various developmental disorders and physical challenges. My ability to connect with young patients and their families allows me to create a supportive environment that encourages progress and healing.

EXPERIENCE

PEDIATRIC REHABILITATION THERAPIST

Children's Therapy Center

2016 - Present

- Conducted assessments to determine individual needs of over 50 children annually.
- Developed and implemented customized therapy activities that improved patient engagement.
- Collaborated with occupational therapists to provide comprehensive care.
- Educated parents on exercises and activities to support therapy at home.
- Utilized play-based therapy techniques to promote motor skills development.
- Monitored and documented patient progress, presenting findings in team meetings.

REHABILITATION AIDE

Kids Health Clinic

2014 - 2016

- Assisted therapists in providing therapy sessions to children with disabilities.
- Prepared therapy equipment and ensured a safe environment for sessions.
- Maintained patient records, tracking progress and reporting to therapists.
- Supported children with special needs during group activities.
- Facilitated communication between therapists and families regarding treatment goals.
- Participated in training sessions to enhance therapy skills and knowledge.
