MICHAEL ANDERSON

ONLINE CODING INSTRUCTOR

Dedicated Remote Instructor with a strong background in computer science education and over 7 years of experience in teaching coding and software development to students of all ages. Proficient in creating engaging course content that simplifies complex concepts and fosters a love for technology. Experienced in using various online platforms to deliver instruction and assess student learning effectively.

PROFESSIONAL EXPERIENCE

Tech Learning Academy   *Mar 2018 - Present*
Online Coding Instructor

- Designed and taught interactive coding courses for high school students using Python and JavaScript.
- Utilized Zoom and Slack for real-time coding demonstrations and collaborative projects.
- Created assessments that improved coding proficiency by 35% over one semester.
- Mentored students in developing their own projects, enhancing practical application skills.
- Implemented peer review sessions that fostered constructive feedback and learning.
- Organized hackathons that encouraged creativity and teamwork among participants.

Self-Employed   *Dec 2015 - Jan 2018*
Freelance Tech Educator

- Conducted private tutoring sessions in software development for college students.
- Developed custom learning materials tailored to individual student needs and goals.
- Utilized online tools such as GitHub and CodePen to enhance hands-on learning experiences.
- Achieved a 90% success rate for students passing their programming assessments.
- Facilitated workshops on current technology trends and best practices in coding.
- Established an online community for students to collaborate and share resources.

ACHIEVEMENTS

- Developed a coding bootcamp curriculum that increased student enrollment by 50% in one year.
- Recognized as 'Top Instructor' at Tech Learning Academy for two consecutive years.
- Launched a successful online course that reached over 1,000 students globally.
