WORK EXPERIENCE

Renewable Energy Instructor

2020-2023

EcoTech Academy

- Taught courses on solar energy systems and energy efficiency practices.
- Developed laboratory exercises that allowed students to experiment with renewable technologies.
- Collaborated with local businesses to provide students with internship opportunities.
- Implemented service learning projects focused on community energy challenges.
- Conducted field trips to renewable energy facilities to enhance practical understanding.
- Evaluated student projects and provided constructive feedback for improvement.

Energy Efficiency Trainer

2019-2020

Sustainable Solutions Group

- Designed training programs on energy efficiency for community organizations.
- Developed educational resources to promote energy-saving practices.
- Facilitated workshops that engaged participants in interactive learning.
- Assisted in the development of a community energy audit program.
- Evaluated program effectiveness and made recommendations for improvement.
- Engaged with local government to promote energy efficiency initiatives.

ACHIEVEMENTS

- Increased student engagement in renewable energy projects by 30%.
- Received recognition from local government for contributions to energy education.
- Developed a community outreach program that reached over 500 participants.
