MICHAEL ANDERSON

ENVIRONMENTAL HEALTH AND SAFETY MANAGER

Innovative Renewable Energy Safety Officer with a robust background in environmental health and safety management within the renewable energy sector. Expertise in developing and executing comprehensive safety strategies that align with organizational goals while ensuring compliance with all relevant regulations. Proven ability to assess risks and implement effective control measures to enhance workplace safety.

PROFESSIONAL EXPERIENCE

WindPower Corp

Mar 2018 - Present

Environmental Health and Safety Manager

- Directed the development of EHS policies and procedures for wind energy projects.
- Conducted safety training and workshops for over 300 employees annually.
- Implemented a behavior-based safety program that increased reporting of near misses.
- Managed incident investigations and developed action plans to prevent recurrences.
- Collaborated with external agencies to ensure regulatory compliance.
- Created safety performance reports for executive leadership review.

EcoRenew Energy

Dec 2015 - Jan 2018

Safety Specialist

- Supported the implementation of safety management systems across multiple sites.
- Conducted risk assessments and developed safety improvement plans.
- Facilitated safety drills and emergency response training.
- Monitored compliance with federal and state safety regulations.
- Assisted in the development of safety communication materials.
- Provided technical support for safety equipment selection and maintenance.

ACHIEVEMENTS

- Reduced lost-time incidents by 40% through enhanced training initiatives.
- Received 'Best Safety Practices' award from the state safety board.
- Developed a comprehensive safety handbook that is now a standard reference.
