MICHAEL ANDERSON

CLINICAL RESEARCH OPERATIONS MANAGER

Strategic and detail-oriented Research Operations Manager with a robust background in clinical research and operational excellence. Highly skilled in managing the full research lifecycle, from conception through execution, with a focus on regulatory compliance and ethical standards. Expertise in building and leading high-performing teams to deliver complex projects on time and within budget.

PROFESSIONAL EXPERIENCE

Health Research Institute

Mar 2018 - Present

Clinical Research Operations Manager

- Oversaw clinical trials from initiation to closeout, ensuring compliance with regulatory requirements.
- Developed and implemented operational protocols to enhance trial efficiency.
- Managed relationships with external vendors and research partners to optimize trial execution.
- Conducted regular audits of trial processes to ensure adherence to quality standards.
- Facilitated training programs for clinical staff on research compliance and best practices.
- Monitored trial budgets, ensuring adherence to financial constraints.

Clinical Trials Solutions

Dec 2015 - Jan 2018

Research Associate

- Assisted in the design and implementation of clinical research protocols.
- Conducted data collection and analysis for multiple research studies.
- Collaborated with clinical teams to ensure timely reporting of trial results.
- Maintained comprehensive documentation of research activities and findings.
- Supported the preparation of regulatory submissions and ethics applications.
- Engaged in stakeholder communication to report on project milestones.

ACHIEVEMENTS

- Successfully managed 12 clinical trials with a 95% compliance rate.
- Increased participant recruitment by 40% through targeted outreach strategies.
- Received recognition for outstanding leadership in project management.
