EDUCATION

BACHELOR OF SCIENCE IN RESPIRATORY THERAPY, PEDIATRIC SPECIALTY, UNIVERSITY OF CHILDREN'S HEALTH, 2013

ACHIEVEMENTS

- Successfully reduced hospital readmission rates for asthma patients by 15% through effective education.
- Presented at a national conference on advancements in pediatric respiratory therapy.
- Received commendation for exceptional patient and family engagement practices.

PROFILE

Compassionate and detail-oriented Respiratory Care Nurse with a strong background in pediatric respiratory care. With over 8 years of experience in both hospital and outpatient settings, I specialize in providing respiratory support to infants and children with complex health needs. My expertise includes conducting thorough assessments, developing individualized care plans, and providing education to families on managing chronic respiratory conditions.

EXPERIENCE

PEDIATRIC RESPIRATORY THERAPIST

Children's Mercy Hospital

2016 - Present

- Administered respiratory therapies to pediatric patients with various conditions.
- Conducted assessments and monitored vital signs to evaluate patient progress.
- Educated families on home care techniques and medication management for children.
- Collaborated with a multidisciplinary team to create tailored care plans.
- Participated in emergency response teams for acute respiratory distress situations.
- Documented patient care activities and outcomes in electronic health records.

RESPIRATORY CARE NURSE

City Pediatrics Clinic

2014 - 2016

- Provided respiratory assessments and treatments in an outpatient setting.
- Monitored children with asthma and provided education on asthma management.
- Coordinated referrals for specialized care and follow-up appointments.
- Developed educational materials for families regarding respiratory health.
- Maintained equipment and ensured compliance with safety protocols.
- Assisted in research projects focused on pediatric respiratory diseases.
