Michael Anderson

MOBILE WEB DEVELOPER

As a Responsive Web Developer with a strong focus on mobile-first design, I have spent the last 6 years creating websites that deliver seamless experiences across all devices. My background in user experience design allows me to approach projects from the end-user's perspective, ensuring that the final product is intuitive and engaging.

EXPERIENCE

MOBILE WEB DEVELOPER

Digital Solutions Team

2016 - Present

- Designed and developed mobile-first websites using Bootstrap and React.
- Conducted user testing to gather feedback and iterated on design based on results.
- Optimized websites for speed and responsiveness, achieving a 20% faster load time.
- Collaborated with backend developers to integrate APIs for dynamic content.
- Created documentation and guides for best practices in mobile web development.
- Participated in cross-functional team meetings to align project goals and timelines.

WEB INTERN

StartUp Lab

2014 - 2016

- Assisted in the development of responsive websites for various clients.
- Learned to implement SEO strategies to improve site visibility.
- Contributed to the design process by creating wireframes and prototypes.
- Supported the testing process to ensure cross-device compatibility.
- Gained experience in using version control systems for project management.
- Collaborated with designers to refine website aesthetics and user flow.
