- French

EDUCATION

**BACHELOR OF SCIENCE IN
INFORMATION TECHNOLOGY,
FINANCIAL UNIVERSITY, 2016**

ACHIEVEMENTS

- Implemented a new API service that increased transaction processing speed by 25%.
- Recognized for improving API documentation clarity, leading to faster onboarding of new developers.
- Successfully integrated APIs with third-party payment gateways, enhancing service offerings.

PROFILE

Experienced REST API Developer with a strong background in financial technology. Over 5 years of hands-on experience in designing and developing secure and efficient APIs tailored for banking applications. Skilled in ensuring data integrity and compliance with financial regulations. Proven ability to analyze business requirements and translate them into technical solutions.

EXPERIENCE

API DEVELOPER

FinTech Solutions

2016 - Present

- Developed and maintained secure REST APIs for banking applications, ensuring adherence to regulatory standards.
- Collaborated with product managers to define API specifications and functionality.
- Implemented thorough testing protocols to ensure API reliability and security.
- Utilized version control systems for managing code changes and deployments.
- Participated in system architecture discussions to optimize performance and scalability.
- Documented API endpoints to facilitate integration with third-party services.

JUNIOR API DEVELOPER

Startup Bank

2014 - 2016

- Assisted in the development of RESTful APIs for internal banking tools.
- Contributed to the debugging and troubleshooting of API issues, enhancing overall system stability.
- Collaborated with QA teams to execute test cases and ensure seamless API functionality.
- Participated in code reviews to improve the quality of API codebases.
- Engaged with clients to gather feedback for continuous improvement of API services.
- Maintained API documentation and user guides for internal teams.
