MICHAEL ANDERSON

API Developer

Innovative REST API Developer with 3 years of experience in the travel and hospitality sector. Skilled in developing APIs that enhance booking systems and customer interactions. Strong understanding of the challenges faced by the industry and how to leverage technology to address them. Experienced in working with various programming languages and frameworks to ensure efficient API development.

WORK EXPERIENCE

API Developer
2020-2023

TravelTech Solutions

- Developed RESTful APIs for booking systems, improving the speed of reservation processes by 30%.
- Collaborated with UX/UI teams to ensure APIs align with user journey and expectations.
- Utilized Git for version control and collaborative development efforts.
- Participated in client meetings to gather requirements for new API functionalities.
- Conducted performance testing and optimization to enhance API reliability.
- Documented API specifications for internal use and client integration.

Junior API Developer
2019-2020

Hotel Booking Inc.

- Assisted in API development for hotel management systems, streamlining operations.
- Collaborated with senior developers to troubleshoot API issues and improve performance.
- Maintained API documentation and user guides for developers and clients.
- Participated in Agile development sprints to enhance team efficiency.
- Supported testing efforts to validate API functionalities before deployment.
- Engaged with stakeholders to gather feedback and iterate on API features.

ACHIEVEMENTS

- Contributed to a project that increased booking conversions by 20% through API enhancements.
- Received positive feedback from clients for API performance improvements.
- Successfully integrated third-party APIs to broaden service offerings.
