### SKILLS

- Urban Planning
- Traffic Engineering
- Stakeholder Engagement
- Safety Assessment
- Data Analysis
- Community Outreach

### LANGUAGES

- English
- Spanish
- French

### EDUCATION

**BACHELOR OF SCIENCE IN CIVIL  
ENGINEERING, UNIVERSITY OF ILLINOIS**

### ACHIEVEMENTS

- Successfully reduced pedestrian accidents by 20% through targeted urban interventions.
- Recognized for excellence in urban safety planning by the National Association of City Planners.
- Authored a comprehensive guide on traffic safety standards adopted by local governments.

### WORK EXPERIENCE

#### URBAN TRAFFIC SAFETY PLANNER

City Planning Department

2020 - 2025

- Designed and implemented traffic calming measures in urban neighborhoods.
- Conducted safety assessments for new development projects.
- Collaborated with engineers to design safer intersections.
- Facilitated public forums to gather community input on safety issues.
- Prepared safety improvement plans based on data-driven analysis.
- Reviewed and approved street design plans to ensure compliance with safety standards.

#### TRAFFIC SAFETY ENGINEER

State Department of Transportation

2015 - 2020

- Evaluated the effectiveness of existing traffic control devices.
- Implemented engineering solutions to reduce collision rates.
- Conducted field studies to assess pedestrian and cyclist safety.
- Collaborated with law enforcement on safety enforcement strategies.
- Prepared reports on safety performance metrics for state officials.
- Engaged with community groups to promote safe transportation alternatives.
