SKILLS

- Robotic Programming
- Software Development
- Collaboration
- Troubleshooting
- Documentation
- User Training

EDUCATION

BACHELOR OF SCIENCE IN COMPUTER ENGINEERING, TECH UNIVERSITY, 2019

LANGUAGE

- English
- Spanish
- German

ACHIEVEMENTS

- Played a key role in a project that increased automation efficiency by 15%.
- Received commendation for exceptional performance during software development projects.
- Successfully completed multiple robotic programming workshops.

Innovative and detail-oriented Robot Application Engineer with a solid foundation in robotics and automation, possessing over 4 years of experience in developing and implementing robotic solutions in various sectors. Adept at utilizing programming languages and software tools to enhance the functionality and efficiency of robotic systems. Strong analytical abilities with a focus on problem-solving and continuous improvement.

EXPERIENCE

ROBOTICS SOFTWARE ENGINEER

Future Robotics LLC

2016 - Present

- Developed software applications for robotic control and automation.
- Conducted code reviews to ensure software quality and performance.
- Collaborated with hardware engineers to integrate software with robotic systems.
- Participated in troubleshooting and debugging of robotic applications.
- Maintained version control and documentation of software projects.
- Engaged in user training to facilitate effective software utilization.

ROBOTICS ENGINEERING ASSISTANT

SmartTech Corp.

2014 - 2016

- Assisted in programming robotic systems for automated tasks.
- Supported testing and validation of robotic prototypes.
- Documented engineering processes and user guides.
- Participated in team brainstorming sessions for product development.
- Maintained inventory of robotic components and tools.
- Provided assistance in training sessions for new employees.
