

MICHAEL ANDERSON

OPERATIONS MANAGER

PROFILE

Accomplished Rolling Stock Operations Manager with a robust background in railway operations and a proven ability to enhance operational efficiencies. Over a decade of experience in managing large-scale fleet operations, focusing on safety, reliability, and regulatory compliance. Distinguished for developing and implementing effective maintenance strategies that improve vehicle performance and reduce lifecycle costs.

EXPERIENCE

OPERATIONS MANAGER

Railway Solutions Inc.

2016 - Present

- Directed operations for a fleet of over 700 rail vehicles, achieving a 98% on-time performance rate.
- Implemented a comprehensive training program for maintenance personnel, enhancing skillsets and safety awareness.
- Managed annual budgets exceeding \$15 million, achieving a 10% reduction in overall expenditures.
- Coordinated with engineering teams on vehicle upgrades and modifications to improve service reliability.
- Established key performance indicators to monitor operational efficiency and vehicle performance.
- Engaged in stakeholder meetings to discuss performance metrics and operational strategies.

MAINTENANCE COORDINATOR

Urban Rail Systems

2014 - 2016

- Supervised daily maintenance activities for a fleet of 400 vehicles, ensuring compliance with safety standards.
- Developed maintenance schedules that increased fleet reliability by 20%.
- Trained staff on best practices in maintenance and safety protocols.
- Analyzed maintenance data to identify trends and implement corrective actions.
- Collaborated with procurement to optimize parts inventory and reduce lead times.
- Participated in safety audits and inspections to ensure adherence to regulatory requirements.
