SUMMARY

Distinguished Rural Development Research Analyst with extensive expertise in evaluating agricultural policies and their socio-economic impacts on rural communities. Demonstrates a profound ability to synthesize complex data and translate findings into actionable strategies that enhance community resilience and economic viability. Proficient in leveraging quantitative and qualitative research methodologies, alongside advanced statistical tools, to inform decision-making processes.

WORK EXPERIENCE

Senior Research Analyst Global Institute for Sustainable Development   *Jan 2023 - Present*

- Conducted comprehensive assessments of rural development programs across multiple regions.
- Utilized GIS technology to map socio-economic indicators and identify areas of intervention.
- Collaborated with local governments to develop strategic plans for agricultural enhancement.
- Led workshops to disseminate research findings to stakeholders and community leaders.
- Authored policy briefs that influenced regional agricultural policies.
- Managed a team of junior analysts in data collection and analysis efforts.

Research Associate National Agricultural Research Organization   *Jan 2020 - Dec 2022*

- Assisted in designing and implementing research studies focused on rural economic development.
- Analyzed survey data using SPSS and R to derive insights on farmer productivity.
- Participated in field studies to gather qualitative data from rural communities.
- Contributed to the development of a comprehensive report on rural poverty alleviation strategies.
- Facilitated focus groups to gather community input on agricultural practices.
- Presented research findings at national conferences, enhancing visibility of the organization.

EDUCATION

Master of Science in Rural Development, University of Agriculture, 2014   *Sep 2019 - Oct 2020*
