WORK EXPERIENCE

Community Infrastructure Manager

2020-2023

Sustainable Community Solutions

- Managed infrastructure projects that improved transportation access for over 20,000 residents.
- Developed strategic plans to align projects with community goals and sustainability objectives.
- Engaged with local authorities to secure necessary permits and approvals.
- Monitored project budgets and timelines, ensuring accountability and efficiency.
- Facilitated community engagement sessions to gather input and foster collaboration.
- Implemented best practices in project management to enhance delivery outcomes.

Project Development Coordinator

2019-2020

Rural Development Network

- Supported the development of water and sanitation projects benefiting rural populations.
- Assisted in drafting project proposals and securing funding from various sources.
- Conducted community assessments to identify infrastructure needs and priorities.
- Coordinated with engineers and planners to ensure design compliance.
- Prepared reports on project progress and community impact for stakeholders.
- Facilitated training workshops on project sustainability and maintenance.

ACHIEVEMENTS

- Recognized for excellence in community outreach and engagement.
- Increased project funding success rates by 35% through targeted proposals.
- Successfully launched a community health initiative linked to infrastructure improvements.
