SKILLS

- Civil Engineering
- Project Support
- Community Engagement
- Quality Control
- Data Analysis
- Problem Solving

LANGUAGES

- English
- Spanish
- French

EDUCATION

**BACHELOR OF SCIENCE IN CIVIL
ENGINEERING, TECH UNIVERSITY, 2016**

ACHIEVEMENTS

- Contributed to a project that won the 'Rural Development Award' for enhancing water accessibility in 2019.
- Recognized for outstanding performance during internship, receiving a commendation from the management.
- Participated in a national conference on rural infrastructure development as a speaker.

WORK EXPERIENCE

JUNIOR RURAL INFRASTRUCTURE ENGINEER

Rural Solutions Group

2020 - 2025

- Assisted in the design and implementation of rural water supply systems for underserved communities.
- Conducted site surveys and data collection to support project planning and development.
- Collaborated with senior engineers to develop project proposals and budgets.
- Performed quality control checks on project deliverables to ensure compliance with standards.
- Engaged with community members to gather feedback and ensure project alignment with needs.
- Prepared documentation and reports for project stakeholders and funding agencies.

CIVIL ENGINEER INTERN

Infrastructure Innovations

2015 - 2020

- Supported the design of rural road projects, contributing to improving access for local communities.
- Participated in community meetings to discuss project plans and gather public input.
- Utilized design software to create project layouts and specifications.
- Assisted in preparing technical reports and project documentation for review.
- Conducted research on best practices in rural infrastructure development.
- Collaborated with project teams to ensure timely completion of tasks.
