SKILLS

- Payload Management
- Operations Oversight
- Compliance
- Team Leadership
- Safety Protocols
- Performance Analysis

LANGUAGES

- English
- Spanish
- French

EDUCATION

**BACHELOR OF SCIENCE IN AEROSPACE
ENGINEERING, UNIVERSITY OF
MICHIGAN, 2012**

ACHIEVEMENTS

- Achieved a 99% mission success rate across all managed satellite launches.
- Received the Operations Excellence Award in 2020.
- Played a key role in the development of a payload system that improved signal clarity by 25%.

WORK EXPERIENCE

PAYLOAD OPERATIONS MANAGER

Satellite Operations Group

2020 - 2025

- Managed payload operations for multiple satellite missions, ensuring compliance with safety protocols.
- Oversaw the integration of payload systems with satellite platforms.
- Developed operational procedures and training programs for staff.
- Conducted audits and assessments to ensure operational readiness.
- Facilitated communication between engineering and operations teams.
- Reported on mission performance and areas for improvement.

SATELLITE PAYLOAD ENGINEER

Skyward Technologies

2015 - 2020

- Engineered payload systems for commercial satellite applications.
- Participated in system integration testing and operational validation.
- Utilized software tools for performance analysis and optimization.
- Collaborated with clients to define payload requirements and specifications.
- Provided post-launch support and troubleshooting services.
- Documented technical specifications and operational guidelines.
