### PROFILE

Results-oriented School Education Consultant with a strong background in K-12 education and a passion for transforming schools into thriving learning communities. With over 8 years of experience, I have successfully partnered with school districts to develop and implement strategic plans that increase academic achievement and support teacher development. My expertise includes curriculum assessment, instructional coaching, and facilitating professional learning communities.

### EXPERIENCE

#### K-12 EDUCATION CONSULTANT

##### Future Ready Schools

*2016 - Present*

- Developed strategic instructional plans that improved student performance by 20% over two academic years.
- Coached teachers in implementing effective instructional practices, enhancing classroom environments.
- Facilitated workshops that trained over 150 educators on the use of technology in the classroom.
- Collaborated with school leadership to establish professional learning communities that foster ongoing teacher development.
- Conducted program evaluations that informed curriculum revisions and resource allocations.
- Presented findings to district stakeholders, leading to increased funding for technology initiatives.

#### EDUCATIONAL CONSULTANT

##### Learning Innovations Group

*2014 - 2016*

- Assisted in the redesign of the science curriculum, resulting in a 35% increase in student engagement.
- Organized and led community workshops that educated parents on supporting their children's education.
- Analyzed student data to identify achievement gaps and recommend targeted interventions.
- Worked closely with teachers to implement differentiated instruction strategies.
- Coordinated with external partners to integrate STEM programs into schools.
- Provided ongoing support and feedback to educators in their instructional practices.
