EDUCATION

BACHELOR OF SCIENCE IN SPECIAL EDUCATION, UNIVERSITY OF SPECIAL NEEDS, 2014

ACHIEVEMENTS

- Recognized as 'Teacher of the Year' for outstanding contributions to the special education program in 2020.
- Increased student participation in inclusive activities by 35% through targeted outreach efforts.
- Successfully advocated for additional resources for the special education department, resulting in enhanced support for students.

PROFILE

Results-oriented School Education Practitioner with 8 years of experience in special education. Skilled in developing individualized education programs (IEPs) and fostering inclusive learning environments that cater to students with diverse needs. Strong advocate for student rights and educational equity, ensuring that all students have access to quality education. Experienced in collaborating with families, educators, and support staff to implement effective interventions and support strategies.

EXPERIENCE

SPECIAL EDUCATION TEACHER

Maple Leaf School

2016 - Present

- Developed and implemented IEPs for over 20 students with varying disabilities, improving their academic performance by an average of 25%.
- Utilized adaptive technologies to support learning and engagement for students with special needs.
- Collaborated with general education teachers to create inclusive classroom environments that support all learners.
- Conducted assessments and provided individualized support to enhance student learning experiences.
- Facilitated workshops for parents on navigating special education services and resources.
- Implemented behavior management strategies that decreased classroom disruptions by 30%.

INCLUSION SPECIALIST

Crescent Valley High School

2014 - 2016

- Worked closely with teachers to adapt curriculum and instructional methods for students with disabilities.
- Trained staff on best practices for inclusive education and accommodating diverse learner needs.
- Developed training materials and resources on effective teaching strategies for special education.
- Monitored student progress and provided feedback to ensure academic growth and achievement.
- Organized community events to raise awareness about the importance of inclusive education.
- Advocated for student needs at IEP meetings, ensuring their voices were heard in decision-making processes.
