EDUCATION

**BACHELOR OF ARTS IN MATHEMATICS,
STATE UNIVERSITY, 2017**

ACHIEVEMENTS

- Recognized as 'Outstanding Educator' by the local educational board in 2021.
- Increased student enrollment in AP math courses by 40% over two years.
- Recipient of a grant for innovative teaching practices in mathematics education.

PROFILE

Enthusiastic School Mathematics Teacher with 5 years of experience in creating a stimulating learning environment for high school students. Expert in designing curriculum that challenges students to excel in advanced mathematics topics, including calculus and statistics. Recognized for fostering a growth mindset among students, empowering them to take ownership of their learning and develop critical thinking skills.

EXPERIENCE

MATHEMATICS TEACHER

Lincoln High School

2016 - Present

- Developed and taught advanced placement courses in calculus and statistics.
- Implemented project-based learning initiatives that resulted in a 30% increase in student participation.
- Conducted regular assessments to measure student understanding and adapt lesson plans accordingly.
- Facilitated workshops for students on SAT math preparation, improving scores by an average of 150 points.
- Engaged students in collaborative group work that promoted peer learning and problem-solving skills.
- Maintained open communication with parents regarding student progress and academic challenges.

MATH ENRICHMENT INSTRUCTOR

Math Tutoring Center

2014 - 2016

- Designed enrichment programs for gifted students to deepen their understanding of mathematics.
- Assessed student needs and created individual learning plans that enhanced their mathematical skills.
- Organized math competitions and events to encourage student engagement and enthusiasm for the subject.
- Collaborated with teachers to support struggling students through targeted interventions.
- Utilized technology and online resources to provide additional learning opportunities outside of the classroom.
- Developed a mentorship program that paired students with math professionals, fostering career exploration.
