MICHAEL ANDERSON

MATHEMATICS INTERVENTION SPECIALIST

Results-oriented School Mathematics Teacher with a decade of experience in urban educational settings, specializing in mathematics intervention programs for at-risk students. Proven track record of improving student academic performance through tailored instructional strategies and intensive support. Skilled in utilizing assessments to identify learning gaps and developing targeted interventions that enhance student achievement.

PROFESSIONAL EXPERIENCE

Urban Academy

Mar 2018 - Present

Mathematics Intervention Specialist

- Designed and implemented mathematics intervention programs that improved student test scores by 25% within one academic year.
- Conducted assessments to identify student learning needs and developed individualized learning plans.
- Worked closely with classroom teachers to integrate intervention strategies into the curriculum.
- Facilitated professional development workshops for teachers on effective math instruction techniques.
- Engaged parents through informational sessions on supporting their children's math education at home.
- Monitored and reported on student progress, providing feedback to students and families regularly.

Lincoln Heights High School

Dec 2015 - Jan 2018

High School Mathematics Teacher

- Taught algebra and geometry courses to high school students, fostering a supportive learning environment.
- Implemented differentiated instruction strategies to meet the needs of diverse learners.
- Utilized technology, such as graphing calculators and educational software, to enhance student learning experiences.
- Coached the school's math team, leading them to regional championship victories.
- Organized community math nights to engage families and promote the importance of math education.
- Collaborated with colleagues on cross-disciplinary projects that integrated math with science and technology.

ACHIEVEMENTS

- Awarded 'Excellence in Education' for outstanding contributions to student achievement in 2019.
- Initiated a successful after-school math tutoring program that served over 100 students annually.
- Presented at national education conferences on best practices in mathematics intervention.
