Michael Anderson

STEM TEACHER

Innovative School Pedagogy Specialist with a focus on STEM education and hands-on learning experiences. With over 9 years of teaching experience, I have designed and implemented curriculum that not only meets educational standards but also engages students through interactive, project-based learning. My passion for science and technology drives me to create lessons that spark curiosity and foster critical thinking.

EXPERIENCE

STEM TEACHER

Future Innovators Academy

2016 - Present

- Developed and taught inquiry-based STEM curriculum for grades 5-8.
- Facilitated hands-on projects that promote teamwork and problem-solving skills.
- Integrated coding and robotics into the curriculum to enhance engagement.
- Organized school-wide science fairs and STEM competitions, increasing student participation.
- Collaborated with local businesses to provide resources and mentorship for students.
- Achieved a 35% increase in student interest in STEM subjects over three years.

EXTRACURRICULAR PROGRAM COORDINATOR

Neighborhood Learning Center

2014 - 2016

- Designed after-school programs focused on technology and environmental science.
- Led workshops on coding and robotics for students and parents.
- Partnered with local organizations to provide field trips and hands-on experiences.
- Created a mentorship program linking students with industry professionals.
- Increased program enrollment by 60% through community outreach and marketing.
- Received positive feedback from parents regarding student engagement and learning.
