## **EXPERTISE SKILLS**

- Inquiry-Based Learning
- Curriculum Development
- Classroom Collaboration
- Experimental Design
- Community Outreach
- Mentoring

## **LANGUAGES**

- English
- Spanish
- French

## **CERTIFICATION**

- Bachelor of Science in Physics, State University, 2013

# MICHAEL ANDERSON

## PHYSICS TEACHER

Dynamic and innovative School Physics Teacher with over 10 years of experience in engaging students through inquiry-based learning. My teaching philosophy centers around fostering curiosity and critical thinking in students, encouraging them to explore the principles of physics through hands-on experiments and real-world applications. I am passionate about creating a collaborative classroom environment where students feel empowered to ask questions and seek answers.

## **PROFESSIONAL EXPERIENCE**

### **Lincoln High School**

*Mar 2018 - Present*

Physics Teacher

- Developed inquiry-based lesson plans that stimulated student interest and engagement in physics.
- Conducted experiments that demonstrated key physics concepts, enhancing students' understanding.
- Utilized formative assessments to monitor student progress and adjust instruction accordingly.
- Created a collaborative classroom culture through group projects and peer-to-peer learning.
- Engaged parents and the community through science nights and educational workshops.
- Supported student research projects, leading to several state-level awards.

### **Lincoln High School**

*Dec 2015 - Jan 2018*

Physics Curriculum Developer

- Collaborated with other educators to redesign the physics curriculum, integrating new pedagogical approaches.
- Trained teachers on best practices for teaching physics and utilizing technology effectively.
- Developed assessments that aligned with learning objectives and provided insightful feedback.
- Organized curriculum review sessions to incorporate student feedback and improve course offerings.
- Facilitated workshops focusing on the importance of STEM education in today's economy.
- Mentored student teachers, providing guidance and support throughout their training.

## **ACHIEVEMENTS**

- Led a project that increased student participation in science fairs by 50% over two years.
- Received the 'Outstanding Teacher Award' for innovative teaching methods in 2019.
- Co-authored a physics textbook that is now used in several local high schools.
