EDUCATION

BACHELOR OF ARTS IN SPECIAL EDUCATION, STATE UNIVERSITY, 2012

ACHIEVEMENTS

- Successfully improved student engagement in special education classes by 30% through innovative teaching strategies.
- Recognized with the Excellence in Education Award in 2019 for outstanding contributions to special education.
- Implemented a peer mentoring program that increased social interaction among students with disabilities.

PROFILE

Dynamic and innovative School Teaching Specialist with over 8 years of experience in special education. Strong ability to create inclusive learning environments that cater to students with diverse needs. Proficient in adapting teaching materials and techniques to ensure all students can access the curriculum. Passionate about fostering a supportive and nurturing atmosphere where students can thrive academically and socially.

EXPERIENCE

SPECIAL EDUCATION TEACHER

Maplewood High School

2016 - Present

- Developed and implemented individualized education plans (IEPs) for students with special needs, resulting in improved academic performance.
- Utilized assistive technology tools to enhance learning experiences for students with disabilities.
- Trained staff on inclusion strategies, fostering a collaborative environment for all learners.
- Monitored student progress through regular assessments and adjusted teaching methods accordingly.
- Facilitated communication between parents and educational staff to ensure a supportive learning environment.
- Coordinated community service projects that promoted social skills development among students.

EDUCATIONAL CONSULTANT

Learning Innovations Group

2014 - 2016

- Provided training and resources to schools on effective special education practices, improving teacher confidence and student outcomes.
- Conducted assessments and evaluations for students with learning disabilities to recommend appropriate interventions.
- Collaborated with school districts to design programs that support inclusive education.
- Wrote articles and presented at conferences on best practices in special education.
- Developed training materials that addressed the needs of educators working with diverse learners.
- Evaluated program effectiveness, leading to a 40% increase in positive feedback from teachers.
