### SKILLS

- Astrophysics Reporting
- Space Exploration
- Data Visualization
- Educational Outreach
- Science Communication

### LANGUAGES

- English
- Spanish
- French

### EDUCATION

**MASTER OF SCIENCE IN ASTRONOMY,  
MASSACHUSETTS INSTITUTE OF  
TECHNOLOGY, 2013**

### ACHIEVEMENTS

- Recipient of the Space Journalism Award in 2020 for outstanding reporting.
- Increased social media following by 60% through engaging content.
- Published a bestselling book on the future of space exploration.

### WORK EXPERIENCE

#### SPACE SCIENCE JOURNALIST

Astronomy Today

2020 - 2025

- Reported on significant space missions and their scientific implications.
- Conducted interviews with astronauts and astrophysicists to gather firsthand insights.
- Developed interactive content that increased reader engagement by 35%.
- Collaborated with educational institutions to promote space science initiatives.
- Analyzed scientific data to enhance reporting accuracy.
- Presented at science festivals, engaging the public with space science topics.

#### SCIENCE WRITER

Space Exploration Magazine

2015 - 2020

- Wrote articles on astronomical discoveries and their relevance to human understanding.
- Engaged in peer review processes to maintain content quality.
- Utilized data visualization tools to present scientific findings effectively.
- Participated in collaborative projects with space agencies for reporting accuracy.
- Created educational content for schools to promote interest in astrophysics.
- Trained interns in effective science communication strategies.
