## **EXPERTISE SKILLS**

- SDN
- Telecommunications
- Network Design
- Project Management
- Security Integration
- Data Analysis

## **LANGUAGES**

- English
- Spanish
- French

## **CERTIFICATION**

- Master of Science in Network Engineering, Tech University, 2011

# MICHAEL ANDERSON

## LEAD SDN ENGINEER

Innovative SDN Engineer with 10 years of extensive experience in the telecommunications sector, focusing on the design and deployment of software-defined networking solutions. Adept at utilizing cutting-edge technologies to enhance network efficiency and security. Strong background in project management and cross-team collaboration, having led multiple successful SDN implementations that improved service delivery and customer satisfaction.

## **PROFESSIONAL EXPERIENCE**

### **Telecom Innovations Ltd.**

*Mar 2018 - Present*

#### Lead SDN Engineer

- Directed the implementation of SDN solutions that improved bandwidth utilization by 50%.
- Managed cross-functional teams to design and deploy scalable network architectures.
- Oversaw the integration of security protocols into SDN frameworks to safeguard data.
- Conducted performance analysis, leading to a 40% reduction in network operational costs.
- Developed training programs for staff on SDN technologies and best practices.
- Presented findings and strategies to executive leadership to secure project funding.

### **NextGen Telecom**

*Dec 2015 - Jan 2018*

#### Senior Network Engineer

- Implemented SDN strategies that enhanced service reliability and reduced downtime.
- Collaborated with clients to assess networking needs and develop customized solutions.
- Utilized monitoring tools to track network performance and address issues proactively.
- Led workshops for clients on the benefits of SDN and network automation.
- Designed network configurations that optimized resource allocation and reduced costs.
- Provided ongoing technical support for SDN-related queries and issues.

## **ACHIEVEMENTS**

- Improved customer satisfaction ratings by 25% through strategic SDN implementations.
- Recognized with the 'Innovation Award' for leading a successful SDN project in 2019.
- Achieved a 99% service uptime record across multiple client networks.
