SKILLS

- SDN
- Healthcare Networking
- Compliance
- Network Security
- Performance Monitoring
- Team Collaboration

EDUCATION

BACHELOR OF SCIENCE IN HEALTH INFORMATICS, UNIVERSITY OF HEALTH SCIENCES, 2016

LANGUAGE

- English
- Spanish
- German

ACHIEVEMENTS

- Improved telemedicine service efficiency by 40% through effective SDN deployment.
- Recognized with a 'Team Excellence Award' for contributions to network reliability.
- Successfully trained over 100 healthcare staff on SDN technologies and best practices.

Michael Anderson

SDN DEPLOYMENT ENGINEER

Motivated SDN Engineer with 4 years of experience in the healthcare industry, focusing on implementing software-defined networking solutions to support telemedicine and patient data security. Proven ability to collaborate with IT and healthcare professionals to develop networks that meet stringent compliance requirements while enhancing service delivery. Skilled in network design, security protocols, and performance monitoring.

EXPERIENCE

SDN DEPLOYMENT ENGINEER

HealthTech Innovations

2016 - Present

- Implemented SDN solutions that improved the efficiency of telemedicine services by 40%.
- Collaborated with healthcare providers to design secure networks for patient data.
- Monitored network performance to ensure compliance with healthcare regulations.
- Developed training materials for staff on SDN technologies and healthcare applications.
- Participated in the evaluation of new networking technologies for telehealth.
- Provided technical support during critical network incidents affecting patient care.

NETWORK SUPPORT ENGINEER

MedNet Solutions

2014 - 2016

- Assisted in the deployment of SDN frameworks to enhance network security for patient data.
- Monitored network traffic and performance metrics to ensure optimal operation.
- Supported IT teams in troubleshooting network issues impacting healthcare services.
- Engaged in training sessions for staff on best practices for network use in healthcare.
- Prepared reports on network performance to aid in compliance audits.
- Contributed to the documentation of network configurations for regulatory purposes.
