MICHAEL ANDERSON

TRACEABILITY ANALYST

Results-oriented Seafood Quality Analyst with a robust background in supply chain management and seafood traceability. Over 6 years of experience in ensuring the integrity of seafood products from sourcing to delivery. Expertise in developing and implementing traceability systems that enhance transparency and accountability within the supply chain. Strong analytical skills complemented by a keen attention to detail, enabling the identification of potential risks and the formulation of effective mitigation strategies.

PROFESSIONAL EXPERIENCE

Global Seafood Solutions

Mar 2018 - Present

Traceability Analyst

- Developed and maintained seafood traceability systems.
- Analyzed supply chain data to identify potential risks.
- Collaborated with suppliers to enhance sourcing practices.
- Monitored compliance with sustainability standards.
- Prepared reports on traceability metrics for management.
- Participated in audits to ensure adherence to traceability protocols.

Sea Harvest Group

Dec 2015 - Jan 2018

Supply Chain Coordinator

- Managed logistics and distribution of seafood products.
- Ensured compliance with quality standards throughout the supply chain.
- Coordinated with suppliers to optimize inventory levels.
- Assisted in the development of training programs for supply chain staff.
- Analyzed supply chain performance metrics for continuous improvement.
- Facilitated communication between suppliers and internal teams.

ACHIEVEMENTS

- Increased traceability compliance by 40% through system enhancements.
- Recognized for outstanding contribution to sustainability initiatives.
- Achieved a 15% reduction in supply chain costs through process improvements.
