EXPERTISE SKILLS

- Microbiological Testing
- Food Safety Protocols
- Data Analysis
- Regulatory Compliance
- Training
- Project Management

LANGUAGES

- English
- Spanish
- French

CERTIFICATION

- Bachelor of Science in Microbiology, Oceanic University, 2015

MICHAEL ANDERSON

MICROBIOLOGIST - SEAFOOD SAFETY

A proactive Seafood Safety Specialist with a strong foundation in microbiology and food technology, possessing 7 years of experience in ensuring the safety and quality of seafood products. Proven expertise in conducting microbiological testing, risk assessments, and developing safety protocols in line with regulatory standards. Adept at collaborating with cross-functional teams to implement effective food safety strategies and engage in continuous improvement initiatives.

PROFESSIONAL EXPERIENCE

Atlantic Seafood Labs

Mar 2018 - Present

Microbiologist - Seafood Safety

- Conducted microbiological testing on seafood products to ensure safety.
- Developed and validated testing methods for pathogen detection.
- Collaborated with regulatory agencies on safety compliance initiatives.
- Analyzed data to identify trends in microbial contamination.
- Provided training for laboratory staff on safety protocols.
- Prepared technical reports detailing research findings and recommendations.

Fresh Catch Enterprises

Dec 2015 - Jan 2018

Food Safety Technician

- Assisted in the implementation of food safety management systems.
- Conducted routine inspections of seafood processing operations.
- Monitored compliance with food safety regulations and standards.
- Engaged in training programs to enhance employee awareness of safety.
- Utilized laboratory equipment to perform quality checks on products.
- Reported non-compliance issues to management for corrective action.

ACHIEVEMENTS

- Improved pathogen detection rates by 20% through method development.
- Contributed to a 15% reduction in microbial contamination incidents.
- Recognized for excellence in laboratory performance and safety compliance.
